

You are still neighbors— by telephone

OLD friends may have moved away to a distant city. Many miles may separate you now. But your friendship need not cease, for you are still neighbors. The miles between are easily bridged by telephone. You may visit regularly at very small cost. A visit by telephone is personal, friendly — the next best thing to being there. Don't neglect that friend another day . . . telephone today.

*Day or night we are ready to speed
your voice to a neighboring village
or a far-off corner of the world —
always at a moderate cost.*

A DEMOCRACY IN INDUSTRY

IN THE past ten years the number of Bell telephone calls made daily in this country has doubled.

The American people do not double their use of anything unless it returns a dollar's worth of value for each dollar spent.

A telephone in your home costs only a few cents a day. Yet it brings to your service the use of billions of dollars' worth of property and the efforts of hundreds of thousands of skilled workers. Fair pay to the workers and a modest profit on this property is all you pay for. There are no speculative profits in the Bell System, of which the Illinois Bell Telephone Company is a part. Everyone, from the president down, works for salary and pride of achievement.

The Bell System, in the best sense of the word, is a democracy in industry . . . operated in the best interests of the people who use it.
